THE BUSINESS SCHOOL  
FOUNDED BY BUSINESS

## ESMT – an international perspective with European values

Located at the crossroads of Eastern and Western Europe, ESMT European School of Management and Technology was founded in 2002 by 25 leading global companies to establish a truly international business school in Germany.

“Eight years ago, the founders of ESMT wanted to build more than just another business school. Today, the school is developing into a platform for excellence in education, fresh thinking, and research for sustainability.”

Michael Diekmann,  
Chairman of the Board, Allianz SE,  
Chairman of the ESMT Foundation Board of Trustees

### Founders and benefactors of ESMT

## Building leaders for the 21st century

Since its founding just a few short years ago, ESMT has become a recognized international platform for dialogue between business, politics, and academia. The school brings together a rich, diverse community of faculty, students, program participants, and staff from around the world. True to our European heritage, ESMT builds future leaders committed to a holistic, interdisciplinary management approach that benefits all of society's stakeholders. Consistent with our high academic reputation, we seek to provide thought leadership and innovation through rigorous academic research, teaching, and consulting – with a practice-oriented approach to business education.

## Program portfolio

### Degree programs

Our **Full-time MBA** is an intensive program lasting 12 months, whereas our **Executive MBA** is an on and off-the-job study course of 21 months. Both of these impart management and leadership skills to experienced professionals from diverse backgrounds and nationalities, emphasizing technology and innovation. The MBA programs have been accredited by AMBA and FIBAA.

### Executive education

Our **open enrollment** programs offer high-quality executive education in a short time frame. **ESMT Customized Solutions** designs and delivers tailored programs that foster the development of individual organizations. The **USW Netzwerk programs** are held in German at ESMT Campus Schloss Gracht.

#### Mission statement of ESMT

ESMT develops entrepreneurial leaders who think globally, act responsibly, and respect the individual. With a heritage rooted in European values and the potential of technology, ESMT develops and imparts new knowledge to foster sustainable economic growth.

## Campus locations

The **ESMT Campus** in Berlin is a noteworthy example of Germany's modern architectural heritage. Until 1989, the building served as headquarters for chief officials of the East German government. Since German reunification, it has been renovated and transformed into one of Germany's most modern educational centers.

Located outside Cologne, the ESMT Campus **Schloss Gracht** is a retreat. Its modern facilities include three auditoria, 11 seminar rooms, and 78 hotel rooms.

---

“ESMT was founded with the aim to create an international management school in Germany.”

---

Angela Merkel,  
Chancellor of Germany

---

“The contribution of ESMT is to prepare international business leaders – to give them the finest management education and the best leadership principles.”

---

N.R. Narayana Murthy,  
Founder and Chief Mentor,  
Infosys Technologies Ltd.
