

Admission Process Overview

Applications for a seat in the ESMT Executive MBA program may be submitted solely online. The Admissions Committee reviews applications and enrolls participants on a rolling basis until the class is filled. Therefore, it is in your interest to apply early. Outstanding candidates who are not offered a seat in the current year may request a deferred enrollment.

Your formal application will include

- a completed online application with a non-refundable application fee of € 200
- a CV demonstrating at least five years of relevant professional experience, and at least three years of management experience with responsibility for results and people
- two letters of recommendation, of which one must demonstrate your current employer's support for your studies
- a comprehensive essay including a personal statement on the objectives for pursuing the Executive MBA
- an organizational chart of your current company
- official transcripts or certified copies (in English) of grades from each previously attended university
- a GMAT certificate and TOEFL or equivalent for non-native English speakers

Selected candidates will be invited to an interview with a representative of the school on our Berlin campus whenever possible. This also gives you the opportunity to get to know the school better. An application process will be considered complete only after the interview has been conducted.
