

THE KOFI ANNAN FELLOWSHIP

"My time as a Kofi Annan Fellow at ESMT Berlin highlighted the most significant period in my career development. My learning curve was steep, and it was through endurance and perseverance that I accomplished what I set out to achieve.

After graduation from my ESMT Master's degree I joined a graduate program at Royal Bank of Canada Investor and Treasury Services in Luxemburg. The Kofi Annan Business School Foundation,

together with ESMT, have provided me with the specialized skillset that ensured a smooth transition into this dynamic, diverse and fintech disruptive environment. My education, made possible with this fellowship, has ensured success in my job. The support from the Kofi Annan Business School Foundation reinforced my long-held beliefs that hard work, dedication and confidence in oneself and others around you pays off."
