MBA
FULL-TIME MASTER OF BUSINESS ADMINISTRATION
The ESMT Berlin MBA combines all of these into a one-year, international program. Classes are designed so that you experience every course from a global perspective. All courses are structured with a mixture of lecture, case study, group and experiential learning methods. Courses are taught in conjunction with career services with a focus on soft skills development and individual coaching. The goal is to prepare you for your next career step and provide the skills necessary to navigate your entire career.

You enhance your practical experience through a hands-on consulting project during the program. Past projects include areas such as online market-place logistics, 3D printing technology, camera learning and augmented reality implementation, corporate agility and international expansion studies, industry 4.0, and sustainable housing initiatives. The projects take place in various industries, corporations, social enterprises, and startups.

**THE MBA THAT MAKES A DIFFERENCE**

- Change or enhance your career.
- Consider working in Germany – Europe’s strongest economy.
- Work at the crossroads of innovation, technology management, sustainability, and entrepreneurship.

TECHNOLOGY AND INNOVATION MANAGEMENT
Business principles are applied directly to new, innovative case studies from a variety of technology sectors. Electives cover the entire innovation value chain from idea generation to commercializing innovation. Understand the impact and implementation of innovation and disruption in business to foster the long-term sustainability of the company and sector.

GLOBAL SUSTAINABLE BUSINESS
Every module includes courses on business ethics with links to sustainability. Both topics work together to foster on-going sustainable innovation in companies. Sustainable investments, energy and supply chain development are particular areas of focus. The Social Impact Club connects you with NGOs and social entrepreneurial ventures implementing innovative approaches to global problems.

ENTREPRENEURSHIP
ESMT is fostering startups with the co-working office, Space Shack, founded by ESMT MBA Alumni, in Berlin-Schöneberg and Techstars, on the ESMT campus in Berlin Mitte. Whether starting your own company or joining an existing startup, you have access to free office space, networking, knowledge transfer, and the startup resources of Berlin itself, not to mention an excellent alumni network.

POST-MBA OPTIONS
Graduates who wish to enhance their studies have two options during the six months following graduation: either a semester of Asian business studies and Chinese language at Guanghua School of Management at Peking University or participating in the fully-funded Responsible Leaders Fellowship to enact social change in developing countries.

Partially listing of electives. Some are offered jointly with the EMBA program.
ESMT Berlin’s MBA is an excellent investment in your future. The Financial Times ranks the MBA #2 globally for value for money. On average, our graduates earn more than double the tuition fees during the first year of employment following the program.

Most students fund their studies with a mix of personal funds, loans, and scholarships.

Scholarships: Supported by our 25 corporate founders, ESMT offers partial scholarships to support top MBA applicants. ESMT also offers a very limited number of full tuition scholarships based on academic merit and financial need, primarily through the Kofi Annan Business Schools’ Foundation and the Allianz Scholarship Fund.

Loans: ESMT offers access to alumni-funded loans through Prodigy Finance or the unique scheme from Brain Capital.

Title IV student and GI Bill loans are available to US citizens who study at ESMT.

MBA tuition: €43,500*  
* These fees include the cost of books and cases. They do not include travel to and from the optional international field seminar and Global Network exchanges.
